Cleaning

Eurol Carwash

Hand applied wax, containing car shampoo

Description

Eurol Carwash is a highly concentrated, synthetic shampoo. It is safe to use on lacquer, rubber, plastic and chrome of cars, motorcycles and boats.

Eurol Carwash is excellent for hand applied applications, as well as for car wash and high pressure cleaners.

Due to the strong cleaning capability, even very dirty surfaces get a beautiful shine with Eurol Carwash, without the need for a chamois after-treatment.

Eurol Carwash is economical in use, the mixing ratio is between 1:50 and 1:100, depending on the degree of pollution.

Rinse with water, cleaned surfaces should not dry in bright sunlight.
