Troubleshooting

Factory Reset

If you want to restore the 10R to factory default settings, use the Factory Reset in the configuration menu. The headset automatically restores the default settings and turns off.

Fault Reset

If the 10R is not working properly for any reason, reset by gently pushing the pin-hole reset button located below the (+) button.

You can download the full version of the manual and view other Sena products at the Sena website: www.sena.com.
