MESH INTERCOM™

When **Mesh Intercom** is enabled, the **SC2** will automatically connect to nearby all other Mesh users and allow them to talk to each other by pressing the **Mesh Intercom Button**.

Mesh Intercom On & Off

 *“Mesh intercom on,
Open Mesh, Channel 1” or “Mesh intercom off”*

OPEN MESH™

When **Mesh Intercom** is enabled, the headset will be in **Open Mesh (default: channel 1)** initially. Users can freely communicate with each other in the same **Open Mesh** channel.

CHANNEL SETTING (DEFAULT: CHANNEL 1)

If the **Open Mesh** communication experiences interference because other groups are also using **channel 1 (default)**, change the channel. You can select from channels 1 to 9.

Enter into the Channel Setting

Navigate between Channels

(1 → 2 → ... → 8 → 9 → Exit → 1 → ...)

Save the Channel

Note: To exit the **Channel Setting**, tap the **(+) Button** or **(-) Button** until you hear a voice prompt, "Exit", and tap the **Center Button**.

GROUP MESH™

Group Mesh is a closed group intercom function that allows users to join, leave, or rejoin a group intercom conversation without pairing each headset. Up to 24 users can all be connected in each private group.

CREATING A GROUP MESH

Creating a **Group Mesh** requires **two or more Open Mesh users**.

1. **You (C)** and **your friend (D)** enter into **Mesh Grouping** to create a **Group Mesh**.

2. The headsets complete **Mesh Grouping** and automatically switch from **Open Mesh** to **Group Mesh**.

JOINING AN EXISTING GROUP MESH

One of the members in an **Existing Group Mesh** can allow new members in **Open Mesh** to join the **Existing Group Mesh**.

1. One of the current members (E) and a new member (you [C]) enter into **Mesh Grouping** to join the **Existing Group Mesh**.

2. The headsets complete **Mesh Grouping**. The new members will hear a voice prompt as their headsets automatically switch from **Open Mesh** to **Group Mesh**.

RESET MESH

If a headset in an **Open Mesh** or **Group Mesh** resets the **Mesh**, it will automatically return to **Open Mesh** (default: channel 1).

ENABLE & DISABLE MIC (DEFAULT: ENABLE)

Users can enable/disable the microphone when communicating in a **Mesh Intercom**.

 "Mic on" or "Mic off"

BLUETOOTH INTERCOM

Up to three other people can be paired with the your headset (**A**) for **Bluetooth intercom** conversations.

Intercom Pairing

Pairing with Intercom B

 The **SC2** will automatically pair with a Sena headset.

 = Flashing blue LED on SC2 (main unit) twice simultaneously confirms **intercoms are paired**.

Note: Repeat the step above to pair with Intercom Friends C & D.

TWO-WAY INTERCOM

Last-Come, First-Served

Start & End with Intercom Friend 1-3

Friend 1  =  

Friend 2  =  

Friend 3  =
