Motorcycle oils 4T - Chain

Eurol HD Lube for Chain+Gear

Transmission oil for Harley Davidson motorcycles

Description

Eurol HD Chain and Gearbox is suitable for gear boxes working under high speed/low torque and low speed/high torque conditions.

Eurol HD Chain and Gearbox is recommended for Harley Davidson motorcycles as well as for many other brands, providing that no API GL-5 transmission oil is prescribed.

Eurol HD Chain and Gearbox contains additives to protect against corrosion, oxidation and foam building. Moreover, it has a good low temperature fluidity. At high temperatures, a sufficiently great film-strength is guaranteed.

Eurol HD Chain and Gearbox has especially been formulated to meet the requirements of Harley Davidson models XL and XR, from 1971 and newer.

Specifications

Performance level

API GL-4

Physical properties

Colour	Brown	
Density at 20°C	0.883 kg/l	ASTM D 1298
Viscosity, kinematic at 40°C	138.4 cSt	ASTM D 445
Viscosity, kinematic at 100°C	14.1 cSt	ASTM D 445
Viscosity Index	98	ASTM D 2270
Flash point	232 °C	ASTM D 93
Pour point	-30 °C	ASTM D 97
