Sena Utility App

Download

- Android: Google Play Store > **Sena Utility**
- iOS: App Store > **Sena Utility**

Sena Device Manager

The **Sena Device Manager** allows you to upgrade the firmware and configure its settings directly from your PC or Apple computer. Download the **Sena Device Manager** from **sena.com**.

BASIC OPERATION

Operating the Buttons

| Tap the button | Double tap the button | Press and hold the button for 5 seconds | Press the two buttons at the same time | Rotate the **Jog Dial** |

Turning On/Off the Headset

|		
ON	🔊	You will hear **ascending beeps**.
	👂	**"Hello"**
OFF	🔊	You will hear **descending beeps**.
	👂	**"Good bye"**

Simultaneously press and hold the **Jog Dial** and the **Phone Button** for 1 second to turn on or off the headset.
Adjusting the Volume

🔊 You will hear **a beep** when the volume reaches the maximum or minimum level.

Checking the Battery Level

Blinking		70~100%
Blinking		30~70%
Blinking		0~30%

Turn on the headset and check the battery level via the **Status LED**.

|		
	"High"	70~100%
	"Medium"	30~70%
	"Low"	0~30%

Or, press and hold the **Jog Dial** and the **Phone Button** for 3 more seconds when the headset turns on. You will hear **a triple beep** and **a voice prompt**.

TROUBLESHOOTING

Factory Reset

If you want to restore the 10S to factory default settings, press and hold the **Phone Button** for 10 seconds. Tap the **Jog Dial**. The headset automatically restores the default settings and turns off.

Fault Reset

If the 10S is not working properly for any reason, push the pin-hole reset button located on the back of the headset.
